

Bhuvanam Greens

THE PALE BLUE DOT

YES!! That's Earth!! our home!!, The Pale Blue Dot... as seen from Voyager 1 from deepspace.

Its a humbling reminder that, in the grand scale of the cosmos, our divisions, conflicts, and obsessions are inconsequential. -Carl Sagan

We are
—BHUVANAM

BHUVAN — EARTH — SOIL — HOME

In Sanskrit, "Bhuvan" refers to the Earth,
Soil, Home—our only abode.

The addition of "Nam" brings a sense of
reverence.

Bhuvanam is more than just a name—it is our guiding
principle, a constant reminder of our responsibility to
nurture and honor the Earth and embody her sense of
balance in every dwelling experience we create.

“ABOUT

The story of Bhuvanam begins with an acute understanding of what modern city dwellers truly seek—a blend of natural expanse and modern comforts—Bhuvanam was born to bridge this gap. With a deep respect for nature and an understanding of contemporary living standards, the team set out to design farm dwellings that harmonize both. Their unique backgrounds and more than a decade of experience in premium plotted developments give them a unique edge ensuring that every project centers around what a city dweller truly wants or expects out of his vacation home.

OUR FIRST OFFERING **BHUVANAM GREENS**

A collection of farmed plots nestled in between the foot hills of Bantamari state forest and the winding Arkavathi River, situated in the lush green expanse of Kanakapura in South Bangalore. Here, amidst nature's embrace, we invite you to reconnect with the Earth, to build a “weekend home/Get away” that embodies the balance and harmony that Bhuvanam stands for.

MASTER PLAN

Bhuvanam Greens redefines luxury farmland living with its exclusive 71-plot development. Enter through a grand entrance plaza into a world of elegance, where the Meet and Greet Pavilion fosters community, and the Leisure Park offers serene relaxation. Enjoy cultural events in the stunning Amphitheater, and stay active in the state-of-the-art Sports Park. Each plot is meticulously designed to provide privacy and a seamless connection to nature. Bhuvanam Greens is more than just a place to live—it's a lifestyle that blends modern luxury with the tranquility of nature.

MAIN ENTRANCE

The Main entrance of Bhuvanam Greens resonates with nature and earthy material palette. As visitors step inside, they are greeted by lush greenery and the calming scent of fresh foliage. The pathway, lined with native plants and flowers, guides them towards the heart of the space, where a serene water feature adds a gentle, melodic backdrop to the ambiance. Natural stone and wood elements are seamlessly integrated into the design, creating a harmonious blend that reflects the beauty of the environment. Soft lighting casts a warm glow, highlighting the textures and details that make Bhuvanam Greens a true sanctuary. It's a place where nature and sustainable living coexist in perfect balance, inviting everyone to pause, relax, and rejuvenate.

MAIN ENTRANCE

ENTRANCE

The entrance plaza of Bhuvanam Greens exudes a sense of grandeur. At its heart, the project's logo sits proudly atop a rock formation, inspired by the surrounding hills. This majestic display reflects the development's deep connection to the land, while the plaza itself is framed by lush greenery and stone elements, offering a striking yet serene welcome. The rock's rugged elegance, combined with the lush landscape, sets the tone for the sophisticated and nature-inspired living that awaits within.

PLOT SIGNAGE

Imagine transforming your space with stunning signages made from the natural boulders found on-site. Each piece is uniquely crafted, showcasing the raw beauty of the stone while integrating seamlessly into its surroundings. The earthy tones and textures of the boulders add a sense of authenticity and warmth, perfect for both urban and natural settings.

These boulder signages not only serve as functional markers but also as striking pieces of art. The natural variations in color and shape of the boulders create a rustic charm that resonates with nature, while their solid structure ensures durability and longevity.
